

Animal Detective

Four small challenges. A whole new way of looking.

Choose an animal and watch quietly. Write, draw, or share your discoveries aloud.
You can stay at one habitat or choose another animal along the way.

Explorer: _____ Animal: _____

☐ Look Closely

What colors, patterns, or textures can you see?

☐ Follow the Movement

What is the animal doing? Resting counts, too.

☐ Find a Clue

Look at the habitat or read a sign. What did you learn?

☐ Share Your Discovery

What surprised you? What would you like to learn next?

Sketch One Detail You Want to Remember.
